

WRITE UP FOR CSR PROGRAMME

Corporate Social Responsibility (CSR) is a self-regulating business model that helps a Company be socially accountable to itself, its stakeholders, and the public.

To engage in CSR means in the ordinary course of business, a Company operates in ways that enhance the society and the environment instead of contributing negatively to them.

Trigyn also takes CSR Programme seriously and therefore it has signed two MOU's with different organization which are Care India, the Top Indian NGO and Bansathali Vidyapith, Rajasthan.

Care India

Care India helps us to spent CSR in the Education Sector. Care India has set up mobile STEM laboratories for children enrolled in higher primary schools in Jharkhand and has the objective to generate excitement about STEM education among children and build their scientific and mathematical skills; to create awareness about resources, tools and methods among teachers and other education functionaries and augment their capacity to teach STEM subject i.e. Science, Technology Engineering and Mathematics in Government higher primary school in the state of Jharkhand. The mobile laboratory is envisaged as a space where children can engage with scientific concepts, experientially learn scientific skills, and explore science and mathematics beyond curricular scope.

Trigyn has helped Care India to set up mobile STEM laboratories for children enrolled in Government higher primary schools in Jharkhand. Trigyn has provided and made available funds or consumable goods, equipment's, materials, assets etc. for implementing, executing the said activities undertaken by Care India.

Trigyn committee for the STEM project is for one and half Years and committed to spend about Rs. 44.50 Lacs.

Bansathali Vidyapith

With respect to Bansathali Vidyapith, it is engaged in providing education to girl child for more than 85 years and is a premier institution being the largest University in world for women.

Trigyn has agreed to provide digital support and services for installation and operation of software, systems, programmes etc. which is required for running of particular courses in University and achieve the common goal and objects as that of Bansathali.

Trigyn commitment for Bansathali is for three years and has committed to spend about Rs. 40.36 lacs in three years span of time.
