

Independent Auditor's Report
To the members of Leading Edge Infotech Limited
Report on the Standalone Indian Accounting Standard ("Ind AS") Financial Statements for the year ended 31st March, 2018

We have audited the accompanying Standalone Ind AS financial statements of **Leading Edge Infotech Limited** ("the Company") which comprise the Balance Sheet as at 31st March, 2018, the Statement of Profit and Loss (including Other Comprehensive Income), Statement of Cash Flow and the Statement of Changes in Equity for the year then ended and a summary of significant accounting policies and other explanatory information (herein after referred to as "Standalone Ind AS Financial Statements").

Management's Responsibility for the Standalone Ind AS Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these standalone Ind AS financial statements that give a true and fair view of the state of affairs (financial position), profit or loss (including other comprehensive income), cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) prescribed under Section 133 of the Act read with relevant Rules issued thereunder.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Standalone Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these Standalone Ind AS financial statements based on our audit.

We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made there under.

We conducted our audit of the Standalone Ind AS financial statements in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the Standalone Ind AS financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the standalone Ind AS financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the standalone Ind AS financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the standalone Ind AS financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the standalone Ind AS financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Standalone Ind AS Financial Statements.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Standalone Ind AS Financial Statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India including the Standalone Ind AS, of the state of affairs (financial position) of the Company as at 31st March, 2018, and its profit (including other comprehensive income), its cash flows and the changes in equity for the year ended on that date.

Emphasis of matter

We draw attention to

1. Note No.3 to the standalone Ind AS financial statements regarding physical verification of fixed assets.
2. Note No.29 to the standalone Ind AS financial statements regarding preparation of accounts on going concern basis.

(As fully described in the above referred Note)

Our opinion is not qualified in the above matter.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2016 ("the Order") issued by the Central Government in terms of Section 143(11) of the Act, we give in "**Annexure A**" a statement on the matters specified in paragraphs 3 and 4 of the Order.
2. As required by Section 143(3) of the Act, we report that:
 - a. we have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit;
 - b. in our opinion proper books of account as required by law have been kept by the Company so far as appears from our examination of those books;
 - c. the Balance Sheet, Statement of Profit and Loss (including Other Comprehensive Income) and Cash Flow Statement and Statement of Changes in Equity dealt with by this Report are in agreement with the books of account;

- d.in our opinion, the aforesaid standalone Ind AS financial statements comply with the Indian Accounting Standards specified under Section 133 of the Act read with relevant rules issued thereunder;
- e.on the basis of written representations received from the directors as on 31st March 2018, and taken on record by the Board of Directors, none of the directors is disqualified as on 31st March 2018, from being appointed as a director in terms of sub section (2) of section 164 of the Act.
- f. with respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in “**Annexure B**”; and
- g. With respect to the other matters to be included in the Auditor’s Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
- i) The Company has disclosed the impact of pending litigations, on its financial position in its financial statements-**Refer Note No.35** to the standalone Ind AS financial statements;
 - ii) As represented by the company, there are no long-term contracts including derivative contracts having material foreseeable losses- **Refer Note No.37** to the standalone Ind AS to the financial statements;
 - iii) There are no amounts required to be transferred to Investor Education and Protection Fund by the Company- **Refer Note No.38** to the standalone Ind AS to the financial statements.

Annexure A to the Independent Auditors' Report

[Referred to in paragraph pertaining to "Report on Other Legal and Regulatory Requirement" of our Report of even date to the members of Trigyn Technologies (India) Private Limited on the standalone Ind AS financial statements for the year ended 31st March, 2018]

- i. (a) The company is maintaining proper records showing full particulars, including quantitative details and situation of fixed assets.

(b) Fixed assets have not been physically verified by the management during the year.

(c) The company does not have any immovable property. Hence the provisions of the clause 3 (i)(c) of the order is not applicable to the company.
- ii. The company does not hold any inventories during the financial year. Thus, in our opinion, the provision of sub clause (a), (b) and (c) of clause 3 (ii) of the order are not applicable.
- iii. The Company has not granted unsecured loans, to companies, firms or other parties covered in the register maintained under Section 189 of the Companies Act, 2013. Hence the provisions of the clause 3(iii) of the order are not applicable to the company.
- iv. In our opinion and according to information and explanation given to us, the company has complied with the provision of Section 186 of the Act with respect to its Investments. The company has not given securities and guarantees. The company has not granted Loans and advances u/s. 185 and 186 of the Act which as per the information and explanations given by the company to us are interest free and given to promote the interest of the company. The loans have been fully provided for by the company.
- v. The company has not accepted deposits from public, within The company has not accepted deposits from public, within the meaning of sections 73 to 76 or any other relevant provisions of the Companies Act 2013.
- vi. The Central Government has not prescribed maintenance of cost records under section (1) of section 148 of the act in respect of any of company's products or activities, as such clause vi of the order is not applicable to the company.
- vii.
 - a) According to the information and explanation given to us and records of the company examined by us, in our opinion, the Company is regular in depositing undisputed statutory dues including Provident Fund, employee state insurance, income tax, sales tax, value added tax, service tax, custom duty, excise duty, cess and any other statutory dues with the appropriate authorities. There are no undisputed statutory dues payable for a period of more than six month from the date they become payable as at 31st March 2018.
 - b) According to the information and explanations given to us and the records of the Company examined by us, there are no dues of wealth tax, service tax, customs duty and cess as at 31st March 2018, which has not been deposited on account of dispute.

- viii. The Company has not raised any fund by way of debentures or through bank, financial institution or Government. Hence Clause viii of the Order is not applicable.
- ix. The Company has not raised any Initial Public Offer or further public offer during the year. Hence provision of the clause 3 (ix) of the Order are not applicable to the Company.
- x. Based upon the audit procedures performed and information and explanations given by the management, we report that we have not come across any instances of fraud by the company or any material fraud on the company by its officers or employees that have been noticed or reported during the year nor have we been informed of such case by management.
- xi. In our opinion and according to information and explanation given to us, Managerial remuneration paid / provided to Whole time director is in excess of requisite approval mandated by Provision of section 197 read with schedule V to Companies Act 2013.
- xii. The Company is not a Chit Fund Company/or nidhi/ mutual benefit fund/society. As such Clause xii of the order is not applicable to the Company.
- xiii. All transactions with the related parties are in compliance with sections 177 and 188 of Companies Act, 2013 where applicable and the details have been disclosed in the standalone Ind AS Financial Statements etc., as required by the applicable Accounting Standards.
- xiv. The Company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures during the year. As such Clause xiv of the order is not applicable to the Company. However during the year the company has issued shares on exercise of ESOP by Director /Employee of Company and its subsidiaries.
- xv. The company has not entered into non-cash transactions covered by Section 192 of Companies Act, 2013 with directors or persons connected with them.
- xvi. The company is not engaged in the business of non-banking financial institution (NBFI) and not required to obtain a Certificate of Registration (CoR) from Reserve Bank of India in terms of Section 45-IA of the RBI Act, 1934.

Annexure B to the Independent Auditors' Report

[Referred to in paragraph pertaining to "Report on Other Legal and Regulatory Requirement" of our Report of even date to the members of Trigyn Technologies (India) Private Limited on the standalone Ind AS financial statements for the year ended 31st March, 2018]

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of **Trigyn Technologies (India) Private Limited** ("the Company") as of March 31, 2018 in conjunction with our audit of the standalone Ind AS financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (**IFCOFR**) issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over Financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness.

Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgments, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion to the best of our information and according to explanation given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2018, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Notes:

The statement of cash flows has been prepared under the 'Indirect method' as set out in Ind AS 7 "Statement of cash flows"

Amendments Ind AS 7 :

Effective April 01, 2017, the Company adopted the amendment to Ind As 7, which requires the entities to provide disclosures that enable users of financial statements to evaluate changes in liabilities arising from financing activities, including both changes arising from cash flows and non-cash changes, suggesting inclusion of reconciliation between the opening and closing balances in the balance sheet for liabilities arising from financing activities, to meet the disclosure requirement. The adoption of the amendment did not have any material effect on the Standalone financial statements.

The figures for the previous year have been regrouped where necessary to confirm to current year's classification.

Leading Edge Infotech Limited

Notes to financial statements for the year ended 31 March 2018

(Amounts in Indian Rupees Lakhs unless otherwise stated)

1. The Corporate Overview

Leading Edge Infotech Limited ('LEIL' or 'the Company') was incorporated on 16 July 1996. The Company is a wholly owned subsidiary of Trigyn Technologies Limited ('TTL') a public company domiciled in India and incorporated under the provisions of Indian Companies Act. The company is engaged primarily in providing software maintenance services for the financial services market in India.

2. Significant Accounting Policies

The following are the significant accounting policies adopted in the preparation of these financial statements. These policies have been consistently applied to all the years presented, unless otherwise stated.

2.1 Basis of Preparation

These financial statements are prepared in accordance with Indian Accounting Standards (Ind AS), under the historical cost convention on the accrual basis except for certain financial instruments and defined benefit plan assets which are measured at fair values, the provision of the Companies Act, 2013 ('the Act') (to the extent notified) and guidelines issued by the Securities and Exchange Board of India (SEBI). The Ind AS are prescribed under section 133 of the Act read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 and relevant amendment rules issued thereafter.

2.2 Functional and presentation currency

All amounts included in the financial statements are reported in Indian rupees in lakhs and has been rounded to nearest lakhs with two decimal places except per share data, unless otherwise stated. Due to rounding off, the numbers presented throughout the document may not add up precisely to the totals and percentages may not precisely reflect the absolute figures.

2.3 Significant accounting judgments, estimates and assumptions

The preparation of the financial statements in conformity with Ind AS requires the management to make judgments, estimates and assumptions that affect the reported amounts of revenue, expenses, current assets, non-current assets, current liabilities, non-current liabilities and disclosure of the contingent liabilities at the end of each reporting period. Actual amount may differ from these estimates.

Detailed information about each of these estimates and judgements is included in relevant notes.

The areas involving critical estimates and judgements are:

- Estimation of current tax expense and payable including amount expected to be paid/ recovered for uncertain tax position.
- Estimation of defined benefit obligation.
- Recognition of revenue.
- Recognition of deferred tax assets for carried forward tax losses.
- Impairment of trade receivables.
- Valuation of Financial Instrument.

Leading Edge Infotech Limited

Notes to financial statements for the year ended 31 March 2018

(Amounts in Indian Rupees Lakhs unless otherwise stated)

- Useful life of property plant and equipment and Intangible assets Provision and Contingencies.

Estimation and underlying assumptions are reviewed on ongoing basis. Revisions to estimates are recognised prospectively.

2.4 Current versus Non-Current Classification

The company presents assets and liabilities in the balance sheet based on current / non-current classification.

An asset / liability is current when it is:

- Expected to be realised/settled or intended to sold or consumed in normal operating cycle;
- Held primarily for the purpose of trading;
- Expected to be realised / settled within twelve months after the reporting period; or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

All other assets/ liabilities are classified as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

2.5 Property Plant & Equipment

- **Recognition and Measurement**

Items of PP&E are measured at cost of acquisition or construction less accumulated depreciation and/or accumulated impairment loss, if any. Borrowing costs relating to acquisition/construction/development of tangible assets and Capital Work in Progress which takes substantial period to get ready for its intended use are also included to the extent they relate to the period till such assets are ready to be put to use.

When significant components of PP&E are required to be replaced at intervals, recognition is made for such replacement of components as individual assets with specific useful life and depreciation if these components are initially recognized as separate asset. All other repair and maintenance costs are recognised in profit or loss as incurred.

- **Subsequent costs**

The cost of replacing a part of an item of PP&E is recognised in the carrying amount of the item if it is probable that the future economic benefits embodied within the part will flow to the company and its cost can be measured reliably. The carrying amount of the replaced part is derecognised. The costs of the day-to-day servicing of PP&E are recognised in the statement of profit and loss as incurred.

Leading Edge Infotech Limited

Notes to financial statements for the year ended 31 March 2018

(Amounts in Indian Rupees Lakhs unless otherwise stated)

- **Disposal**

Gains and losses on disposal are determined by comparing the proceeds with the carrying amount. These are recognised as income/ expenses in the statement of profit and loss.

- **Depreciation:**

Depreciation is calculated over the depreciable amount, which is the cost of an asset, or other amount substituted for cost, less its residual value. Depreciation is recognised in the statement of profit and loss on a straight-line basis over the estimated useful lives of each part of an item of PP&E as prescribed in Schedule II of the Companies Act, 2013, as assessed by the management of the company based on technical evaluation.

Depreciation is provided pro-rata for the number of months available for use. Depreciation on sale/ disposal of assets is provided pro-rata up to the end of month of sale/ disposal.

The PP&E acquired under hire purchase is depreciated over the shorter of the hire purchase term and their useful lives unless it is reasonably certain that the company will obtain ownership by the end of the hire purchase term in which case assets are depreciated on the basis of estimated useful life.

The estimated useful lives of items of PP&E as under:

Asset	Useful life
Buildings	20 years
Office equipment's	3 to 4 years
Computer and peripherals	3 years
Computer software	3 years
Furniture and fixtures	4 years
Leasehold improvements	6 years

2.6 Intangible Assets

- **Recognition and measurement**

Intangible assets are recognised when the asset is identifiable, is within the control of the company, it is probable that the future economic benefits that are attributable to the asset will flow to the company and cost of the asset can be reliably measured.

Intangible assets acquired by the company that have finite useful lives are measured at cost less accumulated amortisation and any accumulated impairment losses. Cost comprises of the acquisition price, development cost and any other attributable/allocable incidental cost of bringing the asset to its working condition for its intended use.

- **Subsequent measurement**

Subsequent expenditure is capitalised only when it increases the future economic benefits embodied in the specific asset to which it relates.

Leading Edge Infotech Limited

Notes to financial statements for the year ended 31 March 2018

(Amounts in Indian Rupees Lakhs unless otherwise stated)

- **Amortisation**
 - i. Intangible assets with finite lives are amortized over their estimated useful economic life and assessed for impairment wherever there is an indication that the intangible assets may be impaired.
 - ii. Intangible assets with infinite lives are tested for impairment at least annually, and where there is an indication that the assets may be impaired.
 - iii. Application software capitalised as Intangible Asset is normally amortized over a period of three years or over its useful life before it become obsolete, whichever is earlier.

The estimated useful lives as under:

Asset	Useful life
Software	3 years

- **Disposal:**

Gain or losses arising from derecognition of an intangible assets are recognized in statement of Profit and Loss when the assets is derecognized.

2.7 Impairment of Non-Financial Assets

The company assesses at each balance sheet date whether there is any indication that an asset or cash generating unit (CGU) may be impaired. If any such indication exists, the company estimates the recoverable amount of the asset. The recoverable amount is the higher of an asset's or CGU's fair value less costs of disposal or its value in use. Where the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

Impairment losses are recognised in the statement of profit and loss.

An impairment loss in respect of goodwill is not reversed. For other assets, an impairment loss is reversed only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortisation, if no impairment loss had been recognized

2.8 Cash and Cash Equivalents

Cash and cash equivalents in the balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

2.9 Revenue Recognition

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the company and the revenue can be reliably measured, regardless of when the payment is being made.

Leading Edge Infotech Limited

Notes to financial statements for the year ended 31 March 2018

(Amounts in Indian Rupees Lakhs unless otherwise stated)

Revenue is measured at fair value of the consideration received or receivable, taking into account contractually defined terms of payment and excluding taxes or duties collected on behalf of the government.

- **Rendering of Services**

Income from Communications and information technology staffing support services comprise income from time and material and fixed price contracts. Revenue from 'time and material' contracts is recognised, as and when related services are performed and accepted by the customer. Revenue from fixed price contracts is recognised using the percentage of completion method of accounting, under which the sales value of performance, including the profit thereon, is determined by relating the actual man hours of work performed to date to the estimated total man hours for each contract. Provision for estimated losses on uncompleted contracts are recorded in the period in which such losses become probable, based on current contract estimates.

Unbilled receivables represent costs incurred and revenues recognised on contracts, to be billed in subsequent periods as per the terms of the contract.

Advance payments received from customers for which no services have been rendered are presented as 'Advance from customers'

2.10 Other Income

- **Interest Income**

Interest income is recognised using effective interest rate method (EIR).

- **Dividend Income**

Dividends are recognised in the statement of profit and loss only when the right to receive the payment is established.

- **Other**

Revenue is recognised only when it is reasonably certain that the ultimate collection will be made.

2.11 Foreign Currency Translations and balances:

Transactions in foreign currency are recorded at exchange rates prevailing at the date of transactions. Exchange differences arising on foreign exchange transactions settled during the year are recognised in the statement of profit and loss of the year.

Monetary assets and liabilities denominated in foreign currencies which are outstanding, as at the reporting date are translated at the closing exchange rates and the resultant exchange differences are recognised in the statement of profit and loss.

Non-monetary assets and liabilities denominated in foreign currencies that are measured in terms of historical cost are translated using the exchange rate at the date of the transaction.

Leading Edge Infotech Limited

Notes to financial statements for the year ended 31 March 2018

(Amounts in Indian Rupees Lakhs unless otherwise stated)

2.12 Employee Benefits

- **Short-term employee benefits**

Employee benefits payable wholly within twelve months of rendering the service are classified as short-term employee benefits and are recognised in the period in which the employee renders the related service. Retention bonus is accounted on actual payment basis.

- **Post-employment benefits**

Defined contribution plans

Contributions to the provident fund, Family Pension Fund and Employee State Insurance which are defined contribution schemes, are recognised as an employee benefit expense in the statement of profit and loss in the period in which the contribution is due.

Defined benefit plans

The employees' gratuity scheme is a defined benefit plan. The present value of the obligation under such defined benefit plans is determined based on an independent actuarial valuation using the projected unit credit method, carried out as at balance sheet date. The obligation determined as aforesaid less the fair value of the Plan assets is reported as a liability or assets as of the reporting date. Actuarial gain or losses are recognised immediately in the Other Comprehensive Income and reflected in retained earnings and will not to be reclassified to the statement of profit and loss.

- **Other long-term employee benefits**

The liabilities for earned leave are not expected to be settled wholly within twelve months after the end of the reporting period in which the employee render the related service. They are therefore measured as the present value of expected future payments to be made in respect of services provided by employees up to the end of the reporting period using the projected unit credit method as determined by an independent actuarial valuation. Remeasurements as a result of experience adjustments and change in actuarial assumptions are recognised in the statement of profit and loss.

- **Termination benefits**

Termination benefits are expensed at the earlier of when the company can no longer withdraw the offer of those benefits and when the company recognises costs for a restructuring. If benefits are not expected to be settled wholly within 12 months of the reporting date, then they are discounted.

2.13 Share-based payments

Equity-Settled share based payments to directors and employees of the company are measured at the Fair value of the equity instrument at the grant date.

Leading Edge Infotech Limited

Notes to financial statements for the year ended 31 March 2018

(Amounts in Indian Rupees Lakhs unless otherwise stated)

The fair value determined at the grant date of equity-settled share based payments to directors and employees of the company are expensed on a straight line basis over the vesting period, based on the company's estimate of equity instrument that will eventually vest, with a corresponding increase in equity.

- **Amendment to Ind AS 102**

Effective April 1, 2017, the company adopted the amendment to Ind AS 102 which provides specific guidance to measurement of cash-settled awards, modification of cash-settled awards that include a net settlement feature in respect of withholding taxes. The adoption of amendment did not have any material effect on the financial statements

The dilutive effect of outstanding option options is reflected as additional share dilution in the computation of diluted earnings per shares.

2.14 Leases

Operating Leases

Leases where the lessor effectively retains substantially all the risks and rewards of the ownership are classified as operating leases. Operating lease payments are recognised as an expense in the Statement of Profit and Loss on a straight line basis over the lease term.

Finance Leases

Leases under which the Company (as a lessee) substantially assumes all the risks and rewards of ownership are classified as finance lease. Assets taken on such finance leases are capitalized at the commencement of the lease term at the fair value of the leased item or, if lower, at the present value of the minimum lease payments.

Leases under which the Company (as a lessee) substantially assumes all the risks and rewards of ownership are classified as finance lease. Assets taken on such finance leases are capitalized at the commencement of the lease term at the fair value of the leased item or, if lower, at the present value of the minimum lease payments. Such lease payments are apportioned between finance charges and reduction of the lease liability so as to achieve a constant rate of interest on the remaining balance of the liability.

2.15 Borrowing costs

Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds. Borrowing cost also includes exchange differences to the extent regarded as an adjustment to the borrowing costs.

Borrowing costs directly attributable to the acquisition, construction or production of a qualifying asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalised during the period of time that is required to complete and prepare the asset for its intended use or sale. All other borrowing costs are expensed in the period in which they are incurred.

Leading Edge Infotech Limited

Notes to financial statements for the year ended 31 March 2018

(Amounts in Indian Rupees Lakhs unless otherwise stated)

2.16 Income Tax

Income tax expense comprises current and deferred tax. It is recognised in the statement of profit and loss except to the extent that it relates to a business combination, or items recognised directly in equity or in OCI.

- **Current tax**

Current tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. Current tax assets and liabilities are offset only if there is a legally enforceable right to set it off the recognised amounts and it is intended to realise the asset and settle the liability on a net basis or simultaneously.

Minimum Alternate Tax (MAT) paid in a year is charged to the statement of profit and loss as current tax. The company recognises MAT credit available as an asset only to the extent that there is convincing evidence that the company will pay normal income tax during the specified period. The company reviews the 'MAT credit entitlement' asset at each reporting date and writes down the asset to the extent the company does not have convincing evidence that it will pay normal tax during the specified period.

- **Deferred tax**

Deferred tax is provided using the balance sheet method on temporary differences between the tax base of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date.

Deferred tax is the tax expected to be payable or recoverable in the future arising from temporary differences between the carrying amounts of assets and liabilities in the Balance Sheet and the corresponding tax bases used in the computation of taxable profit. It is accounted for using balance sheet liability method. Deferred tax liabilities are generally recognised for all taxable temporary differences and deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which deductible temporary differences can be utilised. Deferred tax is calculated at the tax rates that are expected to apply in the period when the liability is settled or the asset realised, based on tax rates that have been enacted or substantively enacted by the reporting date. Deferred income tax assets and liabilities are off-set against each other and the resultant net amount is presented in the Balance Sheet, if and only when the Company currently has a legally enforceable right to set-off the current income tax assets and liabilities.

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

Deferred tax is recognised to statement of profit and loss, except to the items that it relates to items recognised in other comprehensive income or directly in equity. In this case, the tax is also recognised in other comprehensive income or directly in equity, respectively

2.17 Provisions and contingencies

A provision is recognised when the company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources

Leading Edge Infotech Limited

Notes to financial statements for the year ended 31 March 2018

(Amounts in Indian Rupees Lakhs unless otherwise stated)

embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost in the statement of profit and loss.

Contingent liability is disclosed in case of

- a present obligation arising from past events, when it is not probable that an outflow of resources will be required to settle the obligation.
- present obligation arising from past events, when no reliable estimate is possible
- a possible obligation arising from past events where the probability of outflow of resources is not remote.

Contingent asset is not recognised in the financial statements. A contingent asset is disclosed, where an inflow of economic benefits is probable.

Provisions, contingent liabilities and contingent assets are reviewed at each balance sheet date.

2.18 Earnings Per Share (EPS)

Basic EPS is calculated by dividing the profit or loss for the year attributable to equity holders of the company by the weighted average number of equity shares outstanding during the financial year, adjusted for bonus elements in equity shares issued during the year and excluding treasury shares.

Diluted EPS adjust the figures used in the determination of basic EPS to consider

- The after-income tax effect of interest and other financing costs associated with dilutive potential equity shares, and
- The weighted average number of additional equity shares that would have been outstanding assuming the conversion of all dilutive potential equity shares.

2.19 Fair value measurement

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability.

The principal or the most advantageous market must be accessible by the company. The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

Leading Edge Infotech Limited

Notes to financial statements for the year ended 31 March 2018

(Amounts in Indian Rupees Lakhs unless otherwise stated)

A fair value measurement of a non-financial asset considers a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another.

The company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

- Level 1 - Quoted (unadjusted) market prices in active markets for identical assets or liabilities.
- Level 2 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.
- Level 3 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

For assets and liabilities that are recognised in the financial statements on a recurring basis, the company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

For the purpose of fair value disclosures, the company has determined classes of assets and liabilities based on the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

2.20 Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Financial assets

Classification

The company classifies its financial assets in the following measurement categories:

- those to be measured subsequently at fair value (either through OCI, or through profit or loss);
- those measured at amortised cost.

The classification depends on the company's business model for managing the financial assets and the contractual terms of cash flows.

For assets measured at fair value, gains and losses will either be recorded in the statement of profit and loss or OCI. For investments in debt instruments, this will depend on the business model in which investment is held. For investments in equity instruments, this will depend on whether the company has made an irrevocable election at the time of initial recognition to account for equity investment at fair value through OCI.

Leading Edge Infotech Limited

Notes to financial statements for the year ended 31 March 2018

(Amounts in Indian Rupees Lakhs unless otherwise stated)

The company reclassifies debt investments when and only when its business model for managing those assets changes.

Measurement

All financial assets are recognised initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at fair value through profit or loss are expensed in the statement of profit and loss.

Equity investments

All equity investments in the scope of 'Ind AS 109 - Financial instruments' are measured at fair value. Equity instruments which are held for trading are classified as at FVTPL. For all other equity instruments, the company may make an irrevocable election to recognise subsequent changes in the fair value in OCI. The company makes such election on an instrument-by-instrument basis. The classification is made on initial recognition and is irrevocable.

If the company decides to classify an equity instrument as at FVTOCI, then all fair value changes on the instrument, excluding dividends, are recognized in OCI. There is no recycling of the amounts from OCI to the statement of profit and loss, even on sale of equity instrument.

Equity instruments included within the FVTPL category are measured at fair value with all changes recognised in the statement of profit and loss.

Derecognition

The company derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers the rights to receive the contractual cash flows in a transaction in which substantially all of the risks and rewards of ownership of the financial asset are transferred or in which the company neither transfers nor retain substantially all of the risks and rewards of ownership and it does not retain control of the financial asset.

Impairment of financial assets

The company applies expected credit loss (ECL) model for measurement and recognition of impairment loss on the assets carried at amortised cost and FVTOCI debt instruments. The impairment methodology applied depends on whether there has been a significant increase in credit risk.

For trade receivables only, the company applies the simplified approach permitted by 'Ind AS 109 - Financial instruments', which requires expected lifetime losses to be recognised from initial recognition of the receivables.

Leading Edge Infotech Limited

Notes to financial statements for the year ended 31 March 2018

(Amounts in Indian Rupees Lakhs unless otherwise stated)

Non-derivative financial liabilities

Recognition

The company initially recognises borrowings, trade payables and related financial liabilities on the date on which they are originated.

All other financial instruments (including regular-way purchases and sales of financial assets) are recognised on the trade date, which is the date on which the company becomes a party to the contractual provisions of the instrument.

Measurement

Non-derivative financial liabilities are initially recognised at fair value, net of transaction costs incurred. Subsequent to initial recognition, these liabilities are measured at amortised cost using EIR method.

Derecognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit or loss.

Financial guarantee contracts

Financial guarantee contracts are recognised as a financial liability at the time the guarantee is issued. The liability is initially measured at fair value and subsequently at the higher of the amount determined in accordance with 'Ind AS 37 - Provisions, contingent liabilities and contingent assets' and the amount initially recognised less cumulative amortisation, where appropriate.

The fair value of financial guarantees is determined as the present value of the difference in net cash flows between the contractual payments under the debt instrument and the payments that would be required without the guarantee, or the estimated amount that would be payable to a third party for assuming the obligations.

Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

Leading Edge Infotech Limited

Notes to financial statements for the year ended 31 March 2018

(Amounts in Indian Rupees Lakhs unless otherwise stated)

2.21 Government grant

Government grants are recognised at their fair value when there is a reasonable assurance that the grant will be received and company will comply with all attached conditions.

Government grants relating to income are deferred and recognised in the statement of profit and loss over the period necessary to match them with costs that they are intended to compensate and presented within other income.

Government grants relating to purchase of property, plant and equipment are initially recognised as deferred income at fair value and subsequently recognised in the statement of profit and loss on a systematic basis over the useful life of the asset.

2.22 Recent accounting pronouncements

Standards issued but not yet effective

On March 28, 2018, the Ministry of Corporate Affairs (MCA) had notified Ind AS 115 Revenue from Contracts with Customers and certain amendments to existing Ind AS. These amendments shall be applicable to the Company from April 01, 2018.

Ind AS 115- Revenue from Contract with Customers

In March 2018, Ministry of Corporate Affairs ("MCA") has notified the Ind AS 115, Revenue from Contract with Customers. Ind AS 115 replaces existing revenue recognition standards Ind AS 11,

Construction Contracts, Ind AS 18, Revenue and revised guidance note of the Institute of Chartered

Accountants of India (ICAI) on Accounting for Real Estate Transactions for Ind AS entities issued in

2016.

According to the new standard, revenue is recognised to depict the transfer of promised goods or services to a customer in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. Ind AS 115 establishes a five-step model that will apply to revenue earned from a contract with a customer (with limited exceptions), regardless of the type of revenue transaction or the industry.

The standard allows for two methods of transition: the full retrospective approach, under which the standard will be applied retrospectively to each reported period presented, or the cumulative effect method approach, where the cumulative effect of applying the standard retrospectively is recognised at the date of initial application. The standard is effective for annual periods beginning on or after April 1, 2018. The Company will adopt this standard using the cumulative effect method effective April 1, 2018 and accordingly, the comparative for year ended March 31, 2018, will not be retrospectively adjusted. The Company does not expect the impact of the adoption of the new standard to be material on its retained earnings and to its net income on an ongoing basis.

Leading Edge Infotech Limited

Notes to financial statements for the year ended 31 March 2018

(Amounts in Indian Rupees Lakhs unless otherwise stated)

Appendix B to Ind AS 21 - The Effect of Changes in Foreign Exchange Rates

The amendment clarifies on the accounting of transactions that include the receipt or payment of advance consideration in a foreign currency. The appendix explains that the date of the transaction, for the purpose of determining the exchange rate, is the date of initial recognition of the non-monetary prepayment asset or deferred income liability. If there are multiple payments or receipts in advance, a date of transaction is established for each payment or receipt. The Company is in the process of evaluating the impact of this amendment on its financial statements.

Ind AS 12 - Income Taxes regarding Recognition of Deferred Tax Assets on Unrealised Losses

The amendment clarify the accounting for deferred taxes were an asset is measured at fair value and that fair value is below the asset's tax base. The Company shall apply the amendments to Ind AS 12 retrospectively in accordance with Ind AS 8- Accounting Policies, Changes in accounting Estimates and Errors.

The Company is in the process of assessing the impact of above amendment, though it is expected that impact from the amendment would not be significant.

Note 25: Financial Instruments

Set out below, is a comparison by class of the carrying amounts and fair value of the Company's financial instruments that are recognised in the financial statements

Particulars	Carrying value		Fair value	
	31 March 2018	31 March 2017	31 March 2018	31 March 2017
A. Financial asset				
i. Measured at amortised cost				
Security deposits	5.55	3.24	5.55	3.24
Trade receivable *	-	6.33	-	-
Deposits with banks	-	-	-	-
Other receivables	-	-	-	-
ii. Measured at fair value through				
Investment in unquoted equity	0.50	0.50	0.50	0.50
iii. Cash and cash equivalent*	5.63	5.57	-	-
B. Financial liability				
i. Measured at amortised cost				
Borrowing	278.62	285.16	278.62	285.16
Trade payables*	3.36	4.79	-	-
Provision for Expenses	1.97	1.97	1.97	1.97

The Company maintains policies and procedures to value financial assets or financial liabilities using the best and most relevant data available. In addition, the Company internally reviews valuations, including independent price validation for certain instruments. Further, in other instances, Company retains independent pricing vendors to assist in corroborating the valuations of certain instruments.

The fair value of the financial assets and liabilities are included at the amount at which the instrument that would be received to sell an asset or paid to transfer liability in an orderly transaction between market participants at the measurement date.

The amount of fair value adjustment of the above financial asset and liabilities (except investment in unquoted securities which is fair valued through OCI) is considered to be insignificant in value and hence carrying value and the fair value is considered to be the same.

The carrying amounts of cash and cash equivalents, bank balance, advances, recoverable, trade receivable, trade payable, dues from subsidiary company, and other payables are considered to be the same as their fair values due to their short term nature

Fair value hierarchy

To provide an indication about the reliability of the inputs used in determining fair value, the company has classified its financial instrument into three levels prescribed under the accounting standard.

Level 1 : Level 1 hierarchy includes financial instrument measured using quoted prices

Level 2 : The fair value of financial instrument that are not traded in an active market is determined using valuation techniques which maximize the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

Level 3 : Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable .

Quantitative disclosures fair value measurement hierarchy for assets as at 31 March 2018:

Particulars	Fair value measurement using			Valuation technique used	Inputs used
	Level	31 March 2018	31 March 2017		
a) Financial assets measured at fair value through other comprehensive income

Security deposits	2	5.55	3.24	Discounted cash flows	Forecast cash flows, discount rate, maturity
Deposits with banks	2	-	-		
Other receivables	2	-	-		
c) Financial liability measured at amortised cost					
Borrowing	2	278.62	285.16	Discounted cash flows	Forecast cash flows, discount
Provision for Expenses	2	1.97	1.97		

Financial risk management policy and objectives

The key objective of the Company's capital management is to ensure that it maintains a stable capital structure with the focus on total equity to uphold investor, creditor, and customer confidence and to ensure future development of its business. The Company is focused on maintaining a strong equity base to ensure independence, security, as well as financial flexibility for potential future borrowings, if required without impacting the risk profile of the Company.

Company's principal financial liabilities, comprise trade payable, employee benefits payable and other payables. The main purpose of these financial liabilities is to finance Company's operations (short term). Company's principal financial assets include investments, loans to employees and others, security deposit, trade and other receivables, deposits with banks and cash and cash equivalents, that derive directly from its operations.

Company is exposed to market risk, credit risk and liquidity risk.

Note 25: Financial Instruments

The Company's senior management oversees the management of these risks. The Company's senior management is supported by a financial risk committee that advises on financial risks and the appropriate financial risk governance framework for the Company. The financial risk committee provides assurance to the Company's senior management that the Company's financial risk activities are governed by appropriate policies and procedures and that financial risks are identified, measured and managed in accordance with the Company's policies and risk objectives. All derivative activities for risk management purposes are carried out by specialist teams that have the appropriate skills, experience and supervision. It is the Company's policy that no trading in derivatives for speculative purposes may be undertaken.

The Board of Directors reviews and agrees policies for managing each of these risks, which are summarised below.

i) Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk interest rate risk, currency risk and other price risk such as equity price risk and commodity risk. Financial instruments affected by market risk include trade and other payables, investments in unquoted equity shares, security deposit, trade and other receivables, deposits with banks.

The sensitivity analysis in the following sections relate to the position as at 31 March 2018 and 31 March 2017. The sensitivity of the relevant income statement item is the effect of the assumed changes in respective market risks.

a) Foreign currency risk

Foreign currency risk is the risk that fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rate. The company is not exposed to any Foreign Currency Risk.

b) Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. At the reporting date the Company is not having any interest bearing financial instruments.

ii) Credit risk

Credit risk is the risk that a customer or counterparty to a financial instrument will fail to perform or pay amounts due to the Company causing financial loss. It arises from cash and cash equivalents, deposits with banks and financial institutions, security deposits, loans given and principally from credit exposures to customers relating to outstanding receivables. The Company's maximum exposure to credit risk is limited to the carrying amount of financial assets recognized at reporting date.

The Company continuously monitors defaults of customers and other counterparties, identified either individually or by the Company, and incorporate this information into its credit risk controls. Where available at reasonable cost, external credit ratings and/or reports on customers and other counterparties are obtained and used. The Company's policy is to deal only with credit worthy counterparties.

In respect of trade and other receivables, the Company is not exposed to any significant credit risk exposure to any single counterparty or any company of counterparties having similar characteristics. Trade receivables mainly consist of group companies. The Company has very limited history of customer default, and considers the credit quality of trade receivables that are not past due or impaired to be good.

The credit risk for cash and cash equivalents, bank deposits, loans and derivative financial instruments is considered negligible, since the counterparties are reputable organizations with high quality external credit ratings.

Company provides for expected credit losses on financial assets by assessing individual financial instruments for expectation of any credit losses. Since the assets have very low credit risk, and are for varied natures and purpose, there is no trend that the company can draw to apply consistently to entire population. For such financial assets, the Company's policy is to provide for 12 month expected credit losses upon initial recognition and provide for lifetime expected credit losses upon significant increase in credit risk. The Company does not have any expected loss based impairment recognized on such assets considering their low credit risk nature, though incurred loss provisions are disclosed under each sub-category of such financial assets."

iii) Liquidity risk

Liquidity risk is the risk that the Company may not be able to meet its present and future cash flow and collateral obligations without incurring unacceptable losses. Company's objective is to, at all time maintain optimum levels of liquidity to meet its cash and collateral requirements. Company closely monitors its liquidity position and deploys a robust cash management system. It maintains adequate sources of financing including overdraft, debt from domestic and international banks at optimised cost. Company enjoys strong access to domestic and international capital market across debt, equity and hybrids.

The table summarises the maturity profile of group's financial liabilities based on contractual undiscounted payments

As at 31 March 2018						
Particulars	Carrying amount	On demand	Less than 1 Years		More than 1 Year	Total
Interest bearing borrowings	278.62	-			278.62	278.62
Other liabilities	1.97	-	1.97			1.97
Trade and other payable	3.36	-	3.36			3.36

As at 31 March 2017						
Particulars	Carrying amount	On demand	Less than 1 Years		More than 1 Year	Total
Interest bearing borrowings	285.16	-	-		285.16	285.16
Other liabilities	1.97	-	1.97		-	1.97
Trade and other payable	4.79	-	4.79		-	4.79

iv) Capital management

The company policy is to maintain a strong capital base so as to maintain investor, creditor and market confidence and to sustain development of the business. Management monitors the return on capital on continuous basis.

The company has adequate cash and bank balances and no interest bearing liabilities (except for hire purchase facility for some of fixed assets lying under Property Plant and Equipment). The Company monitors its capital by a careful scrutiny of the cash and bank balances and a regular assessment of any debt requirements. In the absence of any interest bearing debt, the maintenance of debt equity ratio etc. may not be of any relevance of the company.

Leading Edge Infotech Limited

Notes to financial statements for the year ended 31 March 2018

(Amounts in Indian Rupees Lakhs unless otherwise stated)

26. Contingent liabilities:-

Contingent liabilities not provided for in respect of disputed income tax demand outstanding as at balance sheet date:
